Upload File

To create a new Swimming Event, you will need to use a Meet Events ZIP or EV3 file from the Meet Manager application.

The Meet Manager application exports Meet Events as a ZIP file, and when uploaded here, Swim Central will create a new Event and pre-fill all Event Sessions and Races in accordance with the configuration contained within.

If you have unmatched race results and you know the swimmer is registered it's usually because of incorrect spelling or incorrect DOB. Go back to MM DB, fix errors, save results file and reupload. (if spelling, you may need to click BuildID in Athletes tab in MM)
